Join a team of construction industry professionals passionate about  
***Improving Lives by Changing the Way the World Builds™!***

### **Who you are**

A motivated individual with some experience in a Maintenance or Mechanic environment who wants to join our production-based welding facility as part of our dedicated Maintenance Team as a Maintenance Mechanic Associate. You have:

- Willingness to learn and be trained
- Strong communication skills
- Ability to work in a team oriented environment
- Ability to lift to 50lbs.
- Adaptability to changing work environment
- Basic problem solving skills
- Basic knowledge of safety practices and GMP
- Ability to follow direction, and work independently
- Time management skills and ability to track work
- Basic math skills
- Basic knowledge of shop tool usage
- Basic knowledge of forklift usage
- Must be able to pass drug test, background check, valid CADL, and a clean driving record
- Bilingual in Spanish is a plus

### **What you'll be doing**

As a Maintenance/Mechanic Associate at ConXtech, you'll:

- Work with the Maintenance Supervisor to coordinate the maintenance department activities to ensure that all production and support systems are operated in a safe and efficient manner
- Work with the Maintenance Supervisor to oversee breakdown repairs, preventive and predictive maintenance and root cause analysis
- Repair, drive and maintain forklifts
- Clean facility areas/grounds
- Perform daily/weekly vehicle inspections
- Perform other associated duties as assigned
- Opportunity to be cross-trained in multiple skill sets

### **Where you'll be working**

You'll be based in our conveniently located Hayward, CA office and manufacturing facility.

### **Who we are**

ConXtech is a construction technology company based in the San Francisco Bay Area. Our innovative structural steel building systems enable structures to be designed, fabricated and erected Faster, Better, Safer & Greener™ than any conventional alternative. The ConX System is the chassis inside over 10 million square feet of healthcare, data center, commercial, high density residential and industrial structures, and our R&D team works collaboratively to improve our products, systems and processes. ConXtech works at the leading edge of the construction industry, introducing manufacturing methods and new approaches to increase efficiency, quality and safety throughout the design-to-delivery process.

### **What we can offer you**

Our employees are our biggest asset, and we want to make sure we continue to create a culture that is engaging, inspiring and rewarding to our team. We offer our team members a range of benefits, rewards, and health insurance options.

Our environment embraces those who are self-starters and go-getters. Is that you? Apply!

We are looking for local candidates only. U.S. Citizens and those authorized to work in the U.S. are encouraged to apply. We are unable to sponsor at this time.

ConXtech is an Equal Employment Opportunity (EEO) employer.
