Our busy stainless steel fabrication company is looking for a full time shop helper/apprentice/trainee. We build custom stainless steel restaurant equipment. Our shop is located in a safe industrial neighborhood down the street from the bay and biking/walking trails. Any level of experience is acceptable, we are willing to train motivated applicants.

Job Duties:

- Load finished equipment into trucks.
- Put away material.
- Assist press brake operators with large parts.
- Train in various departments to get a base of knowledge.
- Hours: 6:00 am - 2:30 pm, Monday - Friday.

Requirements:

- Motivated and able to focus and work hard for stretches of time.
- Be able to communicate clearly in English.
- Professional, courteous and positive attitude.
- Stay off your phone during work hours.
- Be able to perform physical activities that require walking, climbing, squatting, kneeling and lifting 50 lbs.
- Forklift and/or fabrication experience a plus!

Benefits:

- Health insurance for employee and family
- 401K retirement program with employer matching
- Paid time off (vacation pay/sick leave)
- Paid holidays
