

# GM QUARTZ

## Job description

We are looking for a **CMM Programmer / QC supervisor** responsible for programming, measuring and overseeing

the inspection of our manufactured product by our inspection team.

## Key Job Duties and Responsibilities include the following:

- Programming and operating our Hexagon CMM machines using PC-DMIS
- Capable of leading and directing the inspection team
- Executing manual inspections both dimensional and visual
- Documenting inspection results and inputting into a database
- Working independently with minimal supervision to ensure quality specs are met
- Capable and confident to determine acceptance or rejection of inspected product and disposition for rework.
- Lead the QC Inspection Team and support other production departments

## Qualifications and Skills

- 3+ years experience in QC Inspections
- At least 1 year experience programming and operating a CMM.
- Supervisory experience a plus
- Able to read and interpret engineering level mechanical drawings.
- Knowledge and experience with Geometric Dimensioning and Tolerancing.
- Knowledge and experience in the interpretation and application of customer, industry and company standards and specifications.
- Capable use of precision measuring tools such as calipers, height gages, micrometers, surface tester, etc.
- Experienced with PC-DMIS CMM software.
- Ability to foster a close working relationship with other team members, other team leads and management.
- Ability to work in a fast-paced environment and work well under pressure.
- Our company is a small manufacturing business located in Oakland by the airport. We have been in business for over 40 years.

We offer paid time off accrual, holiday pay, and bereavement leave.

In addition, after a 90 day probationary period, the company offers medical and dental insurance benefits.

Employees also participate in the 401(k) salary deferral plan and profit sharing program after one year of employment.

GM Quartz may also give annual bonuses based on company and individual performance after one year of employment.

Job Type: Full-time Monday thru Friday,
