Manufacturing Skilled Trades Jobs, Scholarships, Apprenticeships, etc.

BayAreaManufacturingCareers.com/newsletter.html

LBL, Apple, Tesla, Google, LLNL, Kairos Power, EBMUD, SF Muni, Paragon Bicycles, and hundreds of others come to the community colleges looking for students with the hands-on skills to help them prototype and manufacture their designs.

The community colleges are placing students with starting wages (plus benefits) in the \$50k - \$80k after 1-2 years of training. Sign up for the newsletter to learn more.
