

## **MAINTENANCE SPECIALIST II (Walnut Creek) Supplement**

This experience summary contains some tasks performed by the District's Maintenance Specialists. While you need not have experience performing all the tasks listed, the more varied experience you have, the more competitive a candidate you will be. You may be tested in any or all of these areas during the written and/or oral interview portion of the exam.

### **Directions**

**For each task within a category, mark the appropriate box** to indicate the frequency with which you have performed the task.

**At the end of each category, please include any additional information** including any formal training, certificate and/or license(s) you hold.

**For each category, mark the appropriate box** to indicate your overall experience level.
