

Maintenance Electrician – San Leandro, CA

At Georgia-Pacific, we don't believe that a job is just simply a job. We see each role as a career and a way to advance your skills to not only better your life, but the community as well. Our San Leandro, CA Packaging facility is seeking a qualified candidate to join our team as a **Maintenance Electrician**.

This position offers competitive pay and benefits including sign-on and retention bonuses up to \$1,250.

A Day In The Life Typically Includes:

- Troubleshooting electrical and mechanical problems and repairing and maintaining all equipment in accordance with plant policies and procedures
- Helping meet or exceed production, waste and quality goals through a quality maintenance program
- Installing and repairing mechanical drives, chains, sprockets, gearboxes, belts, and couplings
- Reading and interpreting mechanical, electrical, hydraulic and pneumatic schematics

What You Will Need:

Basic Qualifications:

- High School Diploma or GED
- Experience working with 480-volt motors
- Maintenance Experience within an industrial, manufacturing, or military environment
- Experience reading technical drawings and schematics
- Experience troubleshooting issues with bearings, chains, sprockets, gearboxes and conveyors
- Willing and able to work any shift to include: holidays, weekends, and overtime
- Willing and able to perform tasks such as lifting, climbing, stooping, standing, pushing, and/or pulling for up to twelve (12) hours a day
- Experience in mechanical fabrication and repair
- Willing and able to work in high and/or confined spaces

What Will Put You Ahead?

Preferred Qualifications:

- Experience troubleshooting and repairing hydraulics and pneumatics
- Experience programming and troubleshooting PLCs (Programmable Logic Controllers)
- Experience with a manual lathe and milling machine
