

We're Hiring

Position: Layout Detailer

INFO@VISITEBY.COM

Eby construction is a cabinet shop located in Richmond, near the Bart Station. We specialize in high-end cabinetry in both residential and commercial buildings. We are currently looking for both interns and full-time additions to our team. The position relies heavily on reading and interpreting architectural documents and drawings, so experience with plans and sections is a good start. Since we fabricate everything in our shop, woodworking experience is a plus. The job requires being able to switch from drawing and ordering to cutting and building, so good time management is essential.

If you have a good base of knowledge, specific skills can be learned, so what we would really like is someone who is willing to learn and has a good attitude.

Start date: Immediately

Pay rate: D.O.E.

Hours: 7am-3:30 M-F
