

WEBINAR:

# Manufacturing Careers for the Formerly Incarcerated

October 12, 2022 / 4pm – 5:15pm

Zoom webinar

This webinar is for formerly incarcerated individuals to learn about career opportunities in manufacturing.

We will give a brief overview of manufacturing careers, followed by a panel session of manufacturers and formerly incarcerated individuals to talk about their experiences and advice.

At the end we'll open it up for questions from the audience. We also welcome anyone working with the reentry population, as well as manufacturers who are interested in hiring.

## Panelists:

- |                              |                               |
|------------------------------|-------------------------------|
| • Jay Fox                    | Aaron Metals                  |
| • George Colon               | SFMade                        |
| • Leonard Rubio              | Insight Prison Project        |
| • Jesykah Forkash Sarkissian | Aaron Metals                  |
| • Mark Baik                  | US Steel                      |
| • Noel Valdivia              | Sheet Metal Workers Local 104 |
| • Ted Lam                    | EBMUD                         |
| • Brian Tomasello            | Aaron Metals                  |
| • Mark Martin                | Bay Area Community Colleges   |
