

# SEMICONDUCTOR SKILLS BRIDGE ACADEMY

The Certificate of Completion in Smart Manufacturing Technology Program at Ohlone is part of the Earn & Learn program and provides relevant workforce preparation for entry-level manufacturing technicians.

At the end of the program, participants will engage in a job readiness event to work on job search skills, interview preparation, resume writing, and meeting with local employers.

## KEY THEMES

- Gain foundational skills in Smart Manufacturing Technology.
- Learn Safety in Industry, Manufacturing Processes, and more.
- Build job readiness skills and connect with local employers.

## LOGISTICS

 Cohort 1: February 24 – March 21, 2025

 Cohort 2: March 31 – April 24, 2025

 \$1,500 Stipend: Earn while you learn!

 Meals Provided: Enjoy meals during class sessions at Ohlone College.

 Job Readiness Event: Practice job search skills, interview preparation, and resume writing, plus meet with local employers.
